

# 'The Great Buffalo Hunt'

## Stage 6

## The Great Train Ride

You are taking the train across Nebraska shooting buffalo when those pesky Indigenous Aborigines take exception to you depleting their main food source. You shoot four buffalo when all hell breaks loose and you have to go down the train fighting off those red devils.

### ORDER:

Single Shot Rifle: 4 rounds, chamber empty, in both hands at engine cab right window

Rifle: 10 rounds, chamber empty, stage on shelf at engine cab right window

2 Pistols: 5 rounds each, hammers down on empty chambers, holstered

Shotgun: open and empty, staged on far-right shelf of tender, 4+ rounds on body

### ACTION:

Shooter starts standing in right window of engine cab with rifle in hands. When ready say,

**"But there are millions of Buffalo!"**

At the beep, engage the four rifle targets once each with the Single Shot Rifle.

Then with the lever rifle engage the four rifle targets in a continuous Nevada Sweep (1-2-3-4-3-2-1-2-3-4) starting from either end. Make rifle safe on window shelf of cab window.

Move to the left shelf on tender and with pistols engage the four pistol targets in a continuous Nevada Sweep (1-2-3-4-3-2-1-2-3-4) from either end.

Holster pistols and move to the far right shelf on the tender and with the shotgun knock down the four shotgun targets in any order. Move to the unloading table.
